

New Jersey Dental Resources

ADA Foundation®

Without a doubt, the most asked question about GKAS is, “What do these children do the other 364 days a year for dental care?” It is a very good question and New Jersey has many options to ensure quality, low-cost dental care is available year-round.

This page provides parents, guardians and school nurses with resources for dental care for their children/students. Below are a series of websites that may help families secure a dental home for their children.

- **Dental Lifeline (Donated Dental Services)**
dentallifeline.org/about-us/our-programs/#DDS
- **Donated Orthodontics (free braces for eligible children)**
njbraces.org/menus/njao-donated-orthodontic-services-program.html
- **Smiles Change Lives (Low-cost braces for eligible children)**
www.smileschangelives.org
- **NJ FamilyCare—affordable dental health coverage for children**
njfamilycare.org
- **Find-A-Dentist (NJDA member dentists only) in New Jersey**
www.njda.org/for-the-public/find-a-dentist

All of the above information can be found at the New Jersey Dental Association website here: www.njda.org/for-the-public/dental-clinics-programs
