

Membership Council

Action Plan

Purpose

The Membership Council is dedicated to strengthening our dental community by addressing membership challenges and promoting sustained engagement. Our purpose is to analyze membership trends, develop initiatives to retain and attract members, and create a comprehensive dues waiver protocol. We are committed to identifying and removing barriers to membership, recognizing and rewarding current members, and serving as a resource for practice-related questions. Through active recruitment and statewide outreach, we aim to grow and reinforce the value of membership for every dentist in New Jersey. Duties

1. To conduct studies of membership problems and to formulate programs for maintaining and increasing the membership.
2. To assist the CEO/Executive Director in the formulation of a statewide full and partial dues waiver protocol.
3. To review non-membership reasons and work on eliminating those issues.
4. To consistently find ways to reward existing members so they feel the benefits of membership.
5. Be a resource for member dentists on questions arising in their day-to-day practice of dentistry.
6. Actively recruit new members from their components and any others if they can by creating awareness of the Council amongst dentists in the state.
