FEBRUARY 2027
IS GIVE KIDS A SMILE MONTH

Dear _____,

Give Kids A Smile is a national program supported by the American Dental Association Foundation and locally by the New Jersey Dental Association. During Give Kids A Smile, participating dental practices across the country open their doors to offer **FREE dental care for children 12 and under** who do not otherwise have access to affordable dental care. Dental care may include screenings, fillings, extractions and restorative treatment as needed at NO COST to the family *(*Services and event dates vary by location)*. Last year, dentists treated over 3,000 children in NJ alone!

Please share this information with your residents by:

- Posting the enclosed pdf to your website
- Sending a resident email blast
- Encouraging your school district to promote the program to families in need
- Sharing this information with your local food pantry, shelter & churches

FREE dental care for children 12 and under

Scan with your phone camera to access additional information and a calendar of participating locations or visit www.njda.org/gkas

We look forward to your participation with Give Kids A Smile! Please be sure to visit www.njda.org/gkas for additional information and marketing materials.

Thank you,
