Breakfast/Lunch included

Zygoma Implant Surgical Cadaver Course

The goal of this course is to equip oral and maxillofacial surgeons with comprehensive knowledge and practical skills in the planning, surgical placement, and post-operative management of zygomatic implants for the rehabilitation of patients with severe maxillary atrophy or defects. This course combines didactic instruction with hands-on training to ensure participants gain confidence in anatomical assessment, surgical techniques, complication management, and prosthetic integration.

Course Includes:

- Overview of Zygomatic Implants and their indications
- Planning with zygomatic anatomy and sinus considerations
- Learn guided and freehand techniques on cadaver specimens
- Discussions on complications and risk management

Dr. Neeraj Panchal DDS, MD, MA received his dental degree from Columbia University College of Dental Medicine and his medical degree from the University of Texas Southwestern Medical School. Dr. Panchal completed his Certificate in Oral and Maxillofacial Surgery at the University of Texas Southwestern / Parkland Hospital. He currently is Section Chief of Oral and Maxillofacial Surgery at Penn Presbyterian Medical Center, Section Chief of Oral and Maxillofacial Surgery at the Philadelphia Corporal Michael J. Crescenz Veteran's Affairs Medical Center and Assistant Professor of Oral Maxillofacial Surgery at the University of Pennsylvania School of Dental Medicine.

Dr. Gaurav Shah DMD, MD, MPH, FACS is an experienced board-certified Oral & Maxillofacial Surgeon. He attended the University of Pittsburgh Medical Center for dental school and oral & maxillofacial surgery training. Dr. Shah's surgical practice includes dentoalveolar reconstruction with grafting, endosseous implants, orthognathic surgery, and level I maxillofacial trauma. A fellow of the American College of Surgeons, Dr. Shah has received multiple awards for his contributions to the field of dentistry and implant surgery, such as NJ Top Dentist and the Philip J Boyne Memorial Scholarship. He currently practices at Central Jersey Oral & Maxillofacial Surgery.
